Was the only "preparation for food from Indian Corn" that received a medal and honorable mention from the Royal Commissioners, the competition of all prominent manufacturers of "Corn Starch" and "Prepared Corn Flour" of this and other countries, notwithstanding.

MAIZENA,

The food and luxury of the age without a single fault. One trial will convince the most skeptical. Makes Puddings, Cakes, Custards, Blanc Mange, &c without Isinglass, with few or no eggs, at a cost astonishing the most economical. A slight addition to ordinary wheat flour greatly improves Bread and Cake. It is also excellent for thickening sweet sauces, gravies for fish and meat, soups, &c. For Ice Cream nothing can compare with it. A little boiled in milk will produce rich cream for coffee, chocolate, tea, &c.

Put up in one pound packages, with directions.

A most delicious article of food for children and invalids of all ages. For sale by Grocers and Druggists everywhere.

CURE FOR

PIN WORMS

DR. E. G. GOULD'S

PIN-WORM SYRUP

Is the first and only remedy ever offered to the public for the effectual removal of the Ascarides, or Pin-Worms from the human system. The high reputation it has established in the last two years, and the fact that it is fast superseding all other worm remedies, is the best test of its great merit.

It affords Relief in twenty-four hours, and an Entire Cure is Warranted

when taken according to directions which accompany each bottle.

This Syrup is also a most valuable family cathartic, to be always used when physic is required, *especially for children.* It corrects the secretions, gives tone to the stomach and bowels, assisting nature in her efforts to restore health. *It is purely of Vegetable Extracts, and always safe and reliable.*

WARREN'S

COUGH BALSAM

Has been found, by experience, to be the Best Remedy for the various Diseases of the Lungs and Throat, such as

Diphtheria,

Asthma, Bronchitis, Consumption, Croup, Influenza, Pleurisy, Pneumonia or Inflammation of the Lungs and Whooping Cough.

IN these complaints this Medicine has NO SUPERIOR, and while thus efficacious, it is perfectly SAFE to administer to persons of all ages.

At all times of the year this Balsam is found useful, especially in the Autumn, Winter and Spring; and many Colds and Coughs, which, if neglected, might prove fatal, may be CURED at once by a few doses of this invaluable remedy.

This Cough Balsam possesses the twofold advantage of being at once valuable as curative and *tonic* ... all the diseases of the Throat, Lungs, &c. Bronchia.

In DIPHTHERIA this Balsam has proved itself unexpectedly efficacious. When given at the first onset of the disease, it checks it at once; and in many cases, is believed by those who have used it, to have saved the lives.

In ASTHMA, however violent and distressing, this Balsam gives prompt relief.

In BRONCHITIS and PNEUMONIA it relieves the irritation, loosens the Cough, and promotes a favorable expectoration.

In CROUP its powers are almost magical. This insidious disease, coming literally "like a thief in the night," may be speedily and effectually arrested by a few timely doses of this Balsam.

In WHOOPING COUGH it moderates the paroxysms, prevents the disease from assuming its severest and dangerous form, and shortens its course.

Every family should keep it in the house, and thus avoid the dangerous delay occasioned by sending out for the medicine when needed for immediate use.

The best recommendation for a good medicine is found in its use. If the following certificate from one who has used it does not give you confidence in it, try one bottle for yourself, and you will be convinced. ☞ It will cost you but twenty-five cents and may save you as many dollars in time and doctor's bills.

Letter from Col. Roberts.

FRIEND WARREN:—Allow me to thank you for the bountiful supply of Cough Balsam received by me from you, through Lieut. Seymour. Many a soldier in my command as well as others, has experienced the beneficial effects of the same. We all pronounce the article as good as ... More Stories of Rebel Deserters—Scanty Rations in the Rebel Army—Women and Children Ordered out the City of Savannah—Another Rise in Gold—Letter from Kentucky—A Battle at Somerset—The Rebels Whipped—From New Orleans.

NEW YORK, 1st.

It was rumored at Memphis on the 25th, that the iron clad Lafayette was expecting to make an attempt to run the rebel blockade at Vicksburg on the night of March 28th.

A Hilton Head letter of the 27th ult., says, we have received into our lines several deserters from the rebel defences at Cranston's Bluff and Thunderbolt, who affirm that the daily rations of the troops consist only of four ounces of bacon and seven of corn meal. Many of the rebel troops have fallen sick and all are fearing sickness.

The deserters assert that only for the fact that they are kept on the inside post duty, the entire regiments to which they belonged would desert.

From what is deemed a source entirely trustworthy I learn that all the women and children have been ordered out of Savannah. They left the city on Monday and Tuesday. This measure was induced not more by fear of an attack than by the inability of the commanding General to subsist his troops while so many non-combatants were to be fed.

Arrangements have been made for the exchange of all Union officers held by the rebels.

The World's despatch says the President visits the army of the Potomac to-morrow, if the weather permits.

The Tribune has a despatch dated, General Couch's headquarters, March 31st, which says Maj. Gen. Howard, commanding the 2d division of Couch's corps, has been assigned temporarily to the command of the 11th corps (Gen. Sigel's). Gen. Gibbon is assigned to the command of Howard's division.

The recent rains and the snow storm of last night left the roads in a very bad condition.

NEW YORK, 1st.

A letter in the World says Fort Pemberton at Greenwood, Miss., is composed of no less than 20,000 bales of cotton over which a covering of earth is thrown.

NEW YORK, 1st.

The U. S. gunboat Otsego was launched yesterday. The Mackinaw and Agawam will be launched in a week. Most of the laborers on the iron clads, building at the Continental iron works, Green Point, have struck for higher wages.

NEW YORK, 1st.

Gold opened at 158.

The prize schooner Mary Jane from New Inlet has arrived. She was captured by the gunboat Mt. Vernon. She was from Nassau with salt and coffee and tried to run the blockade of Wilmington.

TORONTO, 1st.

The Welland canal will be opened April 13th.

NEW YORK, 1st.

[Additional European news per City of Washington.] There was an important engagement on the 16th ult., at Loudak, Poland—the Russian troops were compelled to retreat, and the town was burnt. The insurgents numbered 3000. Reinforcements have since been sent to the Russians.

The Sultan is about to visit Egypt.

The Polish Prince Constantine Czartoryski, on his way to Stockholm, encountered a most enthusiastic reception from all the Swedish cities he passed through.

Shanghai, Feb. 8th.

Affairs were quiet. Accounts from the interior were satisfactory. The rebel city Chang Ho tendered their allegiance to the Imperialists.

Intelligence from Japan announce the degradation of the nobles who had been connected with the foreigners. This measure is supposed to be a precursor of a repudiation of the treaties with foreign powers.

NEW YORK, 1st.

Cotton advancing. Flour 10 and 15 cents higher.

The steamer Shell Drake from Havana 24th and Matanzas 25th, has arrived.

The Vanderbilt had arrived and sailed again for Havana.

Admiral Wilkes removed his flag to the Sonoma until the arrival of the Juniata. Captain Stevens, of the Sonoma, takes the Wachusetts home for repairs. The Sonoma will be commanded by Capt. Wyman.

ALBANY, 1st.

A resolution passed both Houses to pay the interest on the State debt in coin or its equivalent.

The Senate passed a bill allowing the soldiers in the service of the U. S. to vote by proxy. It has yet to be acceded to by the Assembly.

LOUISVILLE, Ky., 1st.

An official Somerset telegram says General Gilmore's forces attacked the rebels under Pegram in a strong position near Somerset, yesterday, fought them five or six hours and whipped them badly, driving them towards the river. The rebels outnumbered us two to one. Our loss does not exceed 30. The rebel loss is not stated.

WASHINGTON, 1st.

Despatches from the Mississippi squadron embrace reports from the commander of the several vessels which attempted to pass Port Hudson on the night of the 14th of March, from which it appears that they had reached the last and most formidable of the batteries, and were congratulating themselves upon having gained the turn in the river, when the Mississippi grounded. Fearful that this vessel, under the galling fire of the enemy, would fall into their hands she was deliberately destroyed by her commander, after the removal of all on board. No private effects were saved.

This mishap to the Mississippi caused a derangement of the well contrived programme of Admiral Farragut, for the passage of all vessels of the fleet.

The fighting on the part of our men is described as in the highest degree creditable to them, all striving to exhibit superior prowess.

NEW YORK, 1st.

A Washington letter to the Commercial says Adjutant General Thomas is in the West, and should he so recommend, other troops will follow the corps of General Burnside.

The Philadelphia American correspondent at Washington says the Administration confidently expects, before the close of the week, news of important successes in the rear of Charleston. If the batteries at Stono can be taken, it is believed that the troops can be landed and reach the city without assaulting Forts Sumter or Moultrie, which being cut off from their supplies would fall without the loss of a man or vessel.

The Post's special from Washington says it is considered certain that no foreign loan will be accepted by Mr. Chase.

The receipts from the Internal Revenue up to date are twenty-two millions. The estimate for the year is $150,000,000.

The Army of the Potomac will be paid next week up to the 1st of March. The entire army will then have been paid up to that date.

A special despatch dated Memphis, 28th, to the World, from its correspondent, who came up the river on the Hartford, says the ram Switzerland was but slightly injured in passing Vicksburg.

The Tuscumbia and Monarch have gone up the Yazoo.

He also says that it is reported the rebels have evacuated Haines's Bluff.

For the Whig & Courier.

Respect to the Memory of Lieut. Hersey.

William Prince Hersey, Lieutenant of Co. E, 22d Regiment Maine Volunteers, the only son of Hon. Wm. R. Hersey of Lincoln, died of congestive fever on the 22d day of February, at Baton Rouge, La.

Lieut. Hersey was about twenty-six years of age. He was born and always resided, previous to his entering the service of his country, in Lincoln.

Few men had a firmer hold upon the hearts of friends and neighbors than Lieutenant Hersey. His kind and sympathetic nature, together with an unspotted character, won at once the respect and love of all who knew him. He leaves a widow and two small children. His family connections were peculiarly endearing.

The only pride and support of father, mother, wife and little children he was the central magnet around which clustered all the fond hopes and prayers of the family circle.

In the earlier stages of the rebellion he felt it his duty to join the noble band who at the time, went forth to sustain a government whose protection he had ever enjoyed and whose restraints he had never felt, but his constitution having become somewhat enfeebled some years before, his friends, on this account finally dissuaded him from the step.

But his conscience would not permit him to remain quiet and safe at home when his country was in danger and needed his services, and when the last call for three hundred thousand more was made his high sense of duty could be restrained no longer. He enlisted in the 22d Regiment—was commissioned 1st Lieutenant of Co. E and mustered into the United States service on the 10th day of October last.

He entered upon his military career with an earnestness and determination to perfect himself in the duties of his new calling not often witnessed, and his rapid advancement in military proficiency won the high encomiums of his brothers in arms.

Upon the receipt of the news that Lieutenant Hersey's remains had arrived at Bangor, the citizens of Lincoln assembled, and after organizing by choosing John Tobin, Esq., Chairman and Captain Wm. H. Chesley, Secretary, the following resolutions were passed unanimously.

Resolved, That we the citizens of Lincoln under the direction of the municipal authorities of the town, will take charge of the remains of Lieut. Hersey when they arrive here, and that we will accompany them to the residence of the deceased.

Resolved, As a further token of respect that we will attend his funeral on Wednesday next.

At a subsequent meeting the following were unanimously passed.

Whereas, Our fellow citizen and esteemed friend, Lieut. Hersey having fallen a victim of disease produced by the climate of Baton Rouge, whence he had gone to aid in suppressing the most wicked and atrocious rebellion, therefore,

Resolved, That in the death of Lieutenant Hersey the army has lost a brave soldier and faithful officer, the country a true patriot, his parents a dutiful son, the only staff of their declining years, his wife an affectionate and devoted husband, and his little children a kind father, their natural guardian and support.

Resolved, That in the unswerving integrity of our lamented brother in the exact and faithful discharge of his duties whatever position he occupied, and in his disinterested patriotism we have an example worthy the imitation of all.

Resolved, That we sympathize deeply with the afflicted family in its bereavement, for we too are bereaved not indeed of a bosom companion, but of a noble brother who has so generously given his life to the defense of our common mother.

Lieut. Hersey's remains arrived at Lincoln on Monday, March 16th, where they were received by the municipal authorities in accordance with the preceding resolutions and conveyed to the residence of the deceased, followed by a long procession of citizens.

On Wednesday following his funeral was attended by the largest assemblage ever witnessed on a funeral occasion in this town. All business was suspended and deep sadness pervaded the whole community. The services were conducted by Rev. J. F. Dudley, assisted by Rev. Mr. Marsh. The former delivered a funeral discourse filled with the loftiest sentiments of christian patriotism and heroic devotion to the welfare of our beloved country, and with true and genuine sympathy with the relatives of the deceased.

No event of the war has so deeply moved the hearts of the people in this vicinity as the seemingly premature death of this young and meritorious officer. His memory will be affectionately cherished by all here who knew him and by his companions in arms.

There is a lady in New York nearly sixty years of age who has never been out of mourning since she was a child! Her father died before she was born. She was put into mourning when a baby. The loss of friends in her youth, and losses in her family from her babyhood to this hour, has kept, and now the loss of her husband will keep her in mourning to the day of her death.

A Washington letter says.—"As soon as campaigning shall become possible, Gen. Burnside will be amply supplied with troops both from his own department and from other quarters, and measures will be taken to make the campaign active, whether the rebels make a serious invasion of the department or not."

Will the American please note that the Abolition Legislature, at Augusta, just adjourned *refused* to pass an act, to amend the Constitution, so that soldiers could vote? Why? because they feared the Democratic sentiment that now prevails in the army. No other reason.

—*Machias Union.*

If the Legislature *had* passed an act allowing the soldiers to vote how unmeasured would have been the indignation of this copperhead organ! Its whole broadside would have been insufficient to contain its denunciations of the atrocious "outrage upon the constitution," thus committed by an "abolition Legislature."

BURIED AT ANTIETAM. The New York Herald of Sunday says that Mr. James S. King of New York recently visited the field of Antietam in search of the remains of a friend and finding many of the graves of soldiers buried there marked by some frail memorial he prepared a list of those which he could thus distinguish.—The Herald prints this list, and from it we take the following names from Maine. The list is of course imperfect but may be of service in some cases:—

Name	Reg.	Name	Reg.
— Boynton,	21	V. Mason,	10
Daniel Bailey,	21	C. M. Pressey	10
H. F. Coffin,	2	A. Reed,	10
James A. Witham	16	J. D. Eaton,	10
W. B. Jones,	20	Wm. O'Brien,	10
C. Merrill,	20	John McCarty,	10
M. B. Washburn,	20	John Trowbridge,	10
Wm. S. Sands,	16	H. M. Bradbury,	10
Wm. C. Stuckney	7	W. A. McPhetres	7

SOLDIERS VOTES BY PROXY. A bill of a singular sort for enabling soldiers or seamen to vote while absent on service has been introduced in the New York Senate. The bill provides that any voter of New York absent in the military or naval service, may draw up a certificate empowering some voter in the town whence he came to cast a ballot for him. This certificate is to be acknowledged before some officer of the regiment or vessel to which the voter belongs and is to be sent with the ballot to the party designated in the proxy. This person is to give in the ballot making affidavit that it is the very ballot received from the absentee, and unaltered. There are various safeguards in the bill and severe penalties against the fraud which it invites.

Powdering the hair is again becoming fashionable among the ladies. The most correct thing to be used is diamond or gold dust in extravagant profusion. At a soiree, not many evenings since, in New York in a locality fashionably remote from down town, a young lady the daughter of wealthy and well known parents, appeared with at least one hundred and fifty dollars worth of gold-dust on her tastefully arranged hair,—and this, too, when the premium was at fifty and thereabouts.

A paper in New York says that a strong fisted servant girl in that city was recently assaulted by a couple of scoundrels, named John and Elam Mile, and that she flogged them both.—We have heard that a miss is as good as a mile but here is a case in which a Miss was as good as two Miles, and a little better.

GOLD. The New York Times says that the recovery in gold is in part owing to the demand from one or two large houses, who are interested in checking the depreciation of their heavy stocks of foreign and domestic goods. One of these houses is said to have sent abroad about half a million of dollars in specie.

A St. Louis letter says that Col. Harrison, of the 1st Arkansas cavalry, having heard that the rebels threatened to hang prisoners, seized forty secession sympathizers and held them as hostages, informing the rebels of his action by a flag of truce.

THE FURLOUGH SYSTEM. It was generally supposed, when the furlough system was inaugurated, that it would cease upon the resumption of active operations. But it has been productive of such good results, in improving the *morale* and spirit of the troops, that it has been resolved to make the system permanent. The system, as at present organized, is self-protecting, and corrects its own abuses. Two furloughs are allowed for every one hundred effective men—three where the regiment receives especial commendation for good order and efficiency, any man overstaying his time stops his successor from receiving a furlough until he returns. This interests the whole regiment in getting him back. The sending of surgeon's certificates of illness to palliate absence without leave is useless, be the excuse ever so true. The culprit, on his return, even if he has exceeded his leave by only one day, must go before a military commission, and give his reasons for the absence.—If they are satisfactory, he is at once placed right on the record, if not, he is required to consider himself under arrest, and his case goes before a court martial at once. The penalty is often disgraceful dismission or heavy fines for officers, while the men are usually fined six months' pay or more, or sentenced to hard labor and imprisonment.

—*Potomac Army Letter.*

The Florida is again at her business of burning, and it is stated that the value of the property by her destroyed is $6,000,000. She has been at Barbadoes, where, as that place is English she was well received, and supplied with all that she needed. The people there are warm friends of the rebels, and the women were as fond of her commander, Maffit, as other women were of the other Maffit, years ago. The Barbadians have a high opinion of themselves, thinking they are "too brave," and it is to be hoped that the time may come when the quality of their bravery may be tested, by way of punishing them for their secession sympathy and support. It is too bad that every English port in America should be a place of refuge and a source of supply to all rebel cruisers. But "time makes all things even," and the day is not distant when we shall have it in our power to return the blows of the Bulls.—*Traveller.*

Mr. Ingersoll the man who thinks that the President ought to be arrested, is a son of the late Charles Jared Ingersoll, who was a gentleman of tory-sympathies, and also a eulogist of Robespierre. The Heinel Ingersoll ought to be sentenced to read his papa's History of the war of 1812, in which the federalists are so lashed for want of loyalty.—*Traveller.*

WHEELER & LYNDE PROPRIETORS

Wm. H. Wheeler, Editor

THURSDAY, APRIL 2, 1863.

Army Correspondence of Whig & Courier.

From the Twenty Second Maine.

IN THE FIELD,
Six Miles above Baton Rouge, Mar 20 }

Messrs Wheeler & Lynde:

As in our present situation few of our regiment can send the usual letters to their friends, I take the first opportunity that has presented itself since we left our camp at Baton Rouge, to send you a few lines, that through your widely circulated journal, I may reach and relieve anxious hearts at home.

In the first place, let me say that we have had no fighting, and are not likely to have for some time to come, and that our men are in better health than when we left Baton Rouge. All who went with us are able to do duty, except a few measles patients. The change has done us all good. If we had been kept in the field in active service since we arrived at Baton Rouge, we should not have had the sad experience of sickness and death that we have been called to pass through. Inactivity, for such men as ours, is more fatal than an occasional battle. Since we left camp, we have been up to the within sight of Port Hudson. There has been some skirmishing among the cavalry, and a Captain, Sergeant and five or six of our men taken prisoners. Two or three of their horses were killed, and a few wounded. The most serious injury on our part was received by Colonel Clark of New York, a member of General Banks's staff. He was out with the cavalry and was shot thro the leg, and his horse mortally wounded. His horse, a powerful animal, turned at once and ran about a mile, and then dropped dead. He fell upon the wounded leg of Colonel Clark, and broke both bones, but he had carried him away from the enemy, and perhaps saved his life. Col Clark was sent at once to the general hospital at Baton Rouge, where he is doing well.

One of the rebel cavalry was also severely wounded in the leg, and taken prisoner. He was brought into our camp about ten o'clock Saturday night. The bones were badly shattered, and it was evident that amputation must be performed at once, which was most successfully done by Surgeon Thompson of the 12th Maine, assisted by Dr. Huskins of the 22d, who, by the way, are the most skilful Surgeons in the Department. This was the first capital operation of the campaign. Dr Huskins has the confidence of both officers and men in our regiment to an unusual degree. His friends at Corinth and vicinity may well long for his return. He is now the Surgeon in charge of our regiment, as Dr Jordan has been detailed for special duty at Baton Rouge.

At about eleven o clock Saturday night, the gunboats commenced the bombardment of Port Hudson. The firing continued for about three hours, when a bright light was seen on the river, and soon began to float down toward us. "What is it?" was the question which all asked, but none were able to answer. Even the pickets near the river could not tell. Captain Godfrey, whose company of cavalry was near the river, thought it was a large raft covered with torpedoes, which would burst at regular intervals. We have since learned that it was the noble old steamship Mississippi, once the largest man-of-war afloat. She continued to float down past us, until about four o'clock, when she sent up a column of flame that was grand to behold, then the report came, louder than much thunders. The ground trembled as if from an earthquake. Soon the light was extinguished, and the noble old ship sank beneath the waters of that river whose name she had so long borne. The child had its last, its death struggle, in its mother's arms—a struggle for her freedom, her honor, and, perishing in the attempt was buried—as every mother would fain bury her child, if it were possible—in her own swelling bosom.

When General Banks ascertained from signals that the Hartford and Albatross had passed the batteries and were safely on their way to Red River, he immediately informed the officers in command of the land forces, that his present object had been accomplished, and he ordered a hasty retreated. We encountered a very severe rain storm on our return, which wet every man to the skin; and we were obliged to camp for the night in a swamp where the water was from two to six inches deep. Few found any place to lie down upon at all. A little party of us tipped over a picket fence, and spread our blankets on that and slept, with the rain pouring upon us, four or five hours. It was a new experience to us, and, on the whole, I rather enjoyed it. A few made themselves very unhappy, and wished, as Surgeon Thompson's cook said, "that they had died about two years ago." All survived, however, and I have not heard that a single man even took cold from the exposure. Our brigade has since paid the rebels at Port Hudson another visit. The 12th Maine was drawn up in line of battle in sight of the batteries and of an infantry regiment also in line of battle. A few shots were fired at the 12th, but all went over their heads. While we were making our reconnoissance, the United States marshal seized about two hundred bales of cotton, and carried it to Baton Rouge. We made at this time a march of 16 miles and back in 12 hours. We have since been resting, preparatory to the next move. What it is to be, no one can tell. General Banks keeps his own counsel—even his generals of divisions are as much in the dark in regard to the campaign, as any of us. There is a general impression, however, that he will regain during the next few months any good reputation he may have lost since he came into the command of the Department of the Gulf. He has certainly inspired very great confidence in his ability to handle an army, since active operations commenced here. Let us hope and pray, now that the campaign has fully opened, that before our term of service expires, this noble river, the Father of Waters, may be opened to the commerce of the world, our Union restored, our country redeemed forever from the curse of slavery, and made indeed "the land of the free," as it is "the home of the brave."

All communications intended for us should be directed as heretofore. Baton Rouge will be our base of supp. ies for months to come, doubtless. Friends must must not expect to receive letters as often as heretofore, or with such regularity.

J. E. LINCOLN,
Chaplain 22d Reg Me. Vols

THE CALIFORNIA FLAG OF THE SECOND MAINE REGIMENT. At the meeting of the City Council on Monday evening last, the two Boards went into Convention, His Honor the Mayor presiding, to receive from the hands of Col. J. W Hathaway the splendid, but now war worn and battle-stained flag, presented at the commencement of the war to the Second Maine Regiment, by ladies of California, and which has been with them in all their hard fought battles, bearing noble evidence in its tattered and torn condition, that the regiment has been where the storm of bullets was thickest, and where the bravest of deeds were done. Col Hathaway presented the flag with a few appropriate remarks, and it was deposited with the archives of the city, in the office of the City Clerk. Col H remarked that the regiment, having no present means of ascertaining the wishes of the donors as to the disposition of the flag which has thus done its service, and can no longer be borne in battle, desired that it should be deposited with that other flag of the regiment which has received its honorable discharge, and also with the rebel flag which the regiment had sent home as a trophy of its valor.

☞ The flags in our city were placed at half mast yesterday, in memory of ex-Mayor Bryant, who died on Tuesday, as noted in our paper of yesterday. The funeral of Mr Bryant takes place to-morrow (Friday) afternoon.

A HANDSOME COMPLIMENT. Dr A C Hamlin of this city, Medical Inspector, now stationed on the Potomac, recently received by Adam's Express, a handsome gold watch and chain. From an inscription on the inner case it appeared that it was a gift from the medical staff of the Eleventh Army corps. Dr Hamlin served last year as Medical Director of that Corps.

☞ A dance comes off to-morrow (Friday) evening at Gymnasium Hall, under the auspices of the Spiritualists. Others are invited. Murry will furnish the oysters—also coffee and other refreshments.

THE EATON BOARDING SCHOOL for boys enjoys an excellent reputation. Parents are invited to read the advertisement in another column.

LASELL SEMINARY. The next term of this institution begins April 30th. See advertisement.

☞ The city election in Calais occurs April 6th.

FATAL RESULT. Mr John Cotter, who was injured at the Depot of the B O & M Railroad, in this city, on Saturday, died of his injuries. He leaves a very large family.

☞ The Calais Advertiser learns that the house of Stillman Sembrer, at Alexander with all its contents, was burned on the 25th inst.

☞ A farmer in Oxford County has a cosset sheep which has brought him $23 income in two years. One of her lambs sheared fourteen pounds of wool last spring.

☞ The gross receipts of the wo levees held by the ladies of the Main street Baptist Society of Lewiston, last week, were about $200. The net proceeds will be about $160.

☞ The people of East Machias (says the Union) are moving in the matter of building a woolen factory. They propose to erect a building 56 by 70, three stories, to contain three sets of machinery, one on each floor, the building and machinery when ready for use to cost about $55,000.

☞ The celebrated Tom Sayers applied to the Police Court in London, recently, for protection against his wife, who slapped his face and put him in bodily fear. The magistrate held the lady to bail in the sum of £50. The Post says Mrs Sayers may now be considered the champion of England, and should wear the belt.

☞ John S Dudley, a young but successful hunter at Wesley, trapped three wolves within a space of two weeks time.

☞ The Windsor (Vt.) Journal proposes that the newspaper put shares of the State unite in building a mill and manufacturing their own paper. It agrees to be one of ten to engage in it at once.

☞ The town of Machias has been settled one hundred years—the first white inhabitants having pitched their tents in May, 1763. It is proposed to have a centennial celebration on the 4th of July, if not before.

☞ The Union men of Portland have nominated Jacob McLellan for Mayor, and Benj. Kingsbury Jr., for Judge.

A Union Meeting in Piscataquis.

DOVER, March 31, 1863

Messrs Wheeler & Lynde:

Gents —The Union Mass Meeting held here to-day was a perfect success, every portion of the County being full represented. Hill's Hall, the largest in the place, was densely crowded. A second meeting was organized at the Congregational church, the largest edifice in the County, which was also filled. Able addresses were made by Lewis Barker, Esq., A. G. Lebroke, Hon. John H Rice, Joseph Crosby, Rev W H Littlefield and P H Rice Esq.

It was a perfect extinguisher to copperheadism, and the friends of Jeff Davis and his Confederacy, find to their amazement that they have aroused an element, before which they are bound to go under. The heart of Piscataquis beats responsive to the Union, and the traitor ous emissaries had bet er expend their efforts in other localities than this. The gathering was fully up to 1500. We shall have more of the same sort.

☞ Hon. John H. Kennedy of Waldoboro', died suddenly of apoplexy, on Thursday last.

☞ The St. Louis republican says the mercantile houses of that city are making preparations for a heavier spring trade, than they have known since the war commenced.

☞ The bill to prevent the immigration of negroes into New Jersey after passing the House, was amended in the Senate, and eventually lost.

☞ The cost of the Prince of Wales' marriage ceremonies is estimated at $250,000.

☞ There is but one Irish Mormon at Salt Lake, but he goes it with a rush, has nine wives and forty seven children.

☞ Joe Maxwell (Black Joe) of Machias, and Wm Merritt, of Marshfield, were arrested and lodged in jail last week on the charge of robbing Mr Pennell's store, at Machiasport. Maxwell plead guilty and was committed to the jailor for keeping till May court for trial. Merritt was committed in default of $600 bail for trial at next term. The money has not been recovered. The goods were found in the woods, at the south of the road, between Machias and Whitneyville. —*Machias Union*

☞ The Bath Times says that Nathan Cleaves, Esq, at Bowdoinham, has entered into co-partnership with Hon L D M Swett of Portland.

A PROFITABLE HONEYMOON. It is stated that Tom Thumb and wife have taken $1000 per day on an average for admission to their levees since their marriage.

☞ A telegraphic dispatch from St. John, N B, states that Windsor river is clear of ice. The steamer Emperor will connect with the steamer of the International Steamship Company on her next trip, to-morrow, for Windsor and Halifax, N S —*Press*

☞ Elder John Russell, a veteran clergyman of the Free Will Baptist Denomination, and one of the founders of that sect, died in Parsonsfield, on Sunday last, March 29th, at the ripe age of 95 years, 7 months and 14 days.

BANGOR, Oct 4, 1860

Messrs S W Fowle & Co —Please send me a few dozen of WISTAR'S BALSAM OF WILD CHERRY. The demand for this excellent preparation for diseases of the Throat and Lungs, renders it necessary that I should purchase a considerable quantity of it. It has an enviable reputation which it has acquired upon its own merits alone. My customers assure me of their unlimited confidence in the medicine, and I consider it without a superior in the best of similar specifics. The fact of its having been before the public so long, and the demand still continuing, is proof positive of its appreciation by the afflicted portion of mankind. Respectfully yours

EXTRACTS FROM REBEL PAPERS

PROVIDENCE, R I, 1st.

The Republican Union ticket have carried every [illegible] of the State, and every town in the [illegible] Congressional District except Newport. [illegible] Smith is elected Governor by about [illegible] majority. Thos A Jencks is elected to Congress from the Eastern district by about 1900 [illegible] and Nathan F Dixon from the Western district by about 500. The Legislature stands on a joint ballot—for supporters of Mr Smith 76; for his opponents, 26. There are six vacancies.

PROVIDENCE, R I, 1st.

The triumph of the Republican Union candidates is complete. Mr Smith is elected Governor and Messrs Jencks and Dixon, members of Congress by handsome majorities. The Republicans have large majorities in both branches of the Legislature.

WASHINGTON, 1st.

The schooner Jane Morely, formerly the Lafonaine of Baltimore, owned by Hokes, Beel & Co and at steamboat wharf today, in tow [illegible] having been sent up from Lower River, where she was captured yesterday. She had been engaged in contraband traffic which finds its way between the rebels in Virginia and Maryland, across the Potomac, near the extremity of the Peninsula, between the Potomac and Rappahannock. A party of 25 contrabands was captured on board, including several Washingtonians of notoriety. The contraband goods captured makes a very extensive [illegible] the wharf and attracts much attention. [illegible] races a large amount of supplies, [illegible] Confederate uniforms, but [illegible] machines of novel construction, [illegible] 40 cases of boots and shoes, [illegible] soap, coffee and three large mail bags; [illegible] small packages and some 1800 letters [illegible] in Virginia and North Carolina.

The letters, it is said, are of a character to seriously implicate various parties in this city and Maryland, and the developments of the underground operations of the rebels, which they [illegible] will prove of material benefit to the Government.

Among [illegible] cap, dressing gown, and a pair of [illegible] slippers, gifts to Jeff Davis from [illegible] admirers in Washington were among the articles, also a headdress, a brilliant colored [illegible] and half a dozen finely embroidered handkerchiefs, gifts to Mrs. Davis.

The boxes are mostly consigned the care of [illegible] & Co, Richmond, but bear also other inscriptions, which, with letters taken, will serve to show the real parties concerned in the trade.

WASHINGTON, 1st.

The Postmaster General some time ago gave orders for the preparation of a series of postal maps, but the work has not yet commenced, owing to the illness and subsequent death of Henry A Burr, Topographer of the Department, which [illegible] exercised to find a gentleman of proper qualifications as his successor.

The Treasury Department will soon issue a circular containing full information to those desirous of organizing companies under the recently enacted banking and national currency laws. Numerous applications have already been made, [illegible] specifying the amount of capital while [illegible] are deficient in this particular.

First Comptroller of the Treasury, R W Taylor though confirmed at least a month ago, has not yet entered upon his duties.

The Commissioner of Internal Revenue has made the following decision concerning taxes improperly paid —

Decision No 47 is hereby revoked and hereafter all taxes must be collected as returned by assessors.

Claims for taxes improperly paid under the [illegible] law must be made to the Commissioner of Internal Revenue, through the collectors of the respective districts, supported by the affidavits of the claimants and the certificates of the Assessors under whose direction the taxes were paid.

1st—The claimant must state in the affidavit the material facts of the case on which he makes his claim.

2d—The Assessor and Assistant Assessor must certify that the statements made in the affidavits are true, so far as each has knowledge of the facts.

3d—The collector must append his certificate that the tax has been paid him as stated in the affidavit. When an affidavit is made by an agent, the principal of the agent must swear that the person making the affidavit is his agent, and that the statements are true according to his best knowledge and belief. When an affidavit is made by a member of a firm or company, he must swear that he is a member of such firm or company. The official character of the officer who administers oath must be established either by his official seal or certificate of proper authority. When a claim is thus prepared it must be sent to the Commissioner of Internal Revenue, and if it is found correct, a draft will be drawn on the collector who received the tax in favor of the claimant, for the amount that may be allowed.

The Commissioner of Internal Revenue has also decided that Weiss beer or white beer is subject to the same duty as ale or lager beer, and its manufacturers are subject to the liabilities of Brewers.

PHILADELPHIA, 1st.

A special despatch to the Cincinnati Bulletin, says the news from Vicksburg and vicinity has an unfavorable aspect.

Despatches state that the expedition through Stiles Black Bayous into the upper Yazoo is a failure. Admiral Porter succeeded in getting through both Bayous with gunboats, and proceeded 25 and 30 miles further, into Deer and Rolling Forks, when he encountered a small force of rebels, who so annoyed him with sharpshooters and obstructions in the channel, that further progress was impossible without the cooperation of infantry, which came the next day. The enemy had in the meantime put trees into the stream, rendering it impassable.

They annoyed the gunboats otherwise, and seemed to be gathering in considerable force.

Reinforcements of infantry were marched to to their assistance on Monday and on coming up with the beleaguered boats they found the latter completely hemmed in by obstructions in front and rear.

Skirmishing continued all day, when the rebels being reinforced, the gunboats were withdrawn, and the whole force embarked on transports, near the head of Black Bayou, for their return to Young's Point.

The federal loss was ten or twelve killed and wounded, including Mr Sullivan, an engineer, killed by a shell.

The rebel loss is unknown, but supposed to be considerable.

FORTRESS MONROE, 1st

The following are casualties of the fight at Williamsburg last Sunday: killed—privates Jacob Warel and Edward Stone; wounded—Lieut John P Wensell, privates H V Swiss, Adam McCook, Joe Wilson and Edward Taylor

U S gunboat Nebraska sailed from Yorktown last Tuesday to join the blockading squadron in the Gulf of Mexico.

The above is from the Yorktown Cavalier

Gen Keyes arrived at Fortress Monroe this morning from Washington, and on learning the state of affairs at Williamsburg, left immediately for his command at Yorktown on the steamboat C W Thomas, which was placed at his disposal.

We learn from Yorktown to-day that the rebel forces, 20,000 strong, it is stated, are in front of Williamsburg, threatening an attack, which is expected at any hour.

Col Ludlow arrived from City Point to-day He reports that the State of Maine will be down to-day, with a load of exchanged political, citizen and war prisoners.

The Richmond Examiner of the 30th has the following:

Gen Van Dorn reports that Gen Forrest made a successful visit to Brentwood with his division He burnt the bridge and took all the property and arms, and captured 800 prisoners, including 35 officers. His loss was 8 killed and 35 wounded

Morgan's fight with the Federals was at Milton, on the 20th

They advanced in order to draw out our forces from Liberty but they were compelled to fall back to Murfreesboro'.

There is daily skirmishing in Shelbyville Pike.

Two murders have been committed in Manchester, opposite Richmond, on James' River; The perpetrators belonged to a division now stationed in that vicinity

The first victim was L H Schreggs, a peaceable citizen of Manchester. The same is said of the second victim, whose name is not given.

Capt A C Webster who is confined in Castle Thunder is condemned by court martial to be hung next Friday.

He made a most desperate attempt to escape his fate last Friday by jumping from a third story window, but fell to the ground in a disabled condition and was easily recaptured. It is not likely he will be reprieved.

A British frigate arrived in Hampton Roads this afternoon, and after anchoring abreast of the Fortress, fired a salute.

Richmond papers contain the following despatch—

Mobile, March 27th.

A despatch from Vicksburg says:

At 5 o'clock this morning four boats were seen advancing towards our upper batteries. A vigorous fire was opened, and two were driven back.

The other two passed under a raking fire, almost every shot taking effect.

One received a shot on her steam chest, compelling her crew to desert her, and in 15 minutes she filled and sunk.

A part of her crew escaped to the opposite shore.

The boat that escaped is supposed to be the Benton, badly disabled,

Our shot penetrated her steam drum, disabling her so badly that the Albatross towed her off out of danger from our guns.

NEW YORK, 1st.

The correspondence is published between large number of citizens and General Butler, in which the latter declines the compliment of a public dinner.

The Baton Rouge correspondent of the Philadelphia Inquirer makes a statement to the effect that General Banks really made a serious attempt at Port Hudson, which was foiled by the steamers carrying the troops getting sucked in by a crevasse cut by the rebels, and one, the Morning Light, was put in imminent peril.

The object of the expedition, according to the correspondent, was to get northward of the rebel batteries by marching around them on the west side of the Mississippi

THE WESTERN COPPERHEADS TO BE ATTENDED TO. The Washington correspondent of the Boston Herald (democratic) says:

Several of the Western Governors have been here during the past week and had important interviews with the authorities. They state there can be no doubt that in certain parts of Ohio and Indiana there will be resistance to the enforcement of the conscription law, the arrest of deserters, and probably to the collection of internal revenue taxes. General Burnside was authorized therefore, to take the rebels on both sides of the Ohio under his immediate charge, and to the end has given Colonel Carrington, of the regular army, the State of Indiana to look after. A sufficient military force will be used in all cases where it is necessary, but the policy of the Government will not be to provoke any armed resistance or collision; but the enforcement of military rules will be rigidly carried out. So far as treasonable practices are concerned, the conscript do not requires persons arrested therein to be "forthwith turned over to the civil authorities."

From the tone of the Richmond papers it is evident that a cry for peace is beginning to be heard in the rebel capitol, coming from those who are on the verge of starvation in the rebel States, and the organs of Jeff Davis are working to counteract and check it. Hear what the Enquirer says on the subject:—

From of old it was held perilous for men to cry peace! peace! when there was no peace.—The dangers of it for us at this moment are manifold. It encourages the planting of cotton instead of corn; it unsettles the minds of our soldiers in the field, which is demoralization; it stimulates the enemy to a more vigorous prosecution of the war, by the idea that we are so tired of it.

There are some who reproach the Enquirer with being an advocate of war, and not of peace This is somewhat unreasonable. Is any one offering us peace? Look round our whole horizon—where is it, on sea or land, that you discern any faintest flutter of the "white wings"? It is all war; all one bottomless gulf of blood, one universal carnival of slaughter, and ravage, and ruin.

True, there is one way by which the Southern Confederates could immediately regain all the blessings of peace, it is by submission—by reconstruction—by demanding from the "rebellion" and delivering up our ringleaders to the punishment of the laws they have trampled upon. Is here, indeed, one single citizen of the Confederacy who would have peace at any price? Well, here is the price; say at once—are we to pay it.

Peace! Does the Monitor host before Vicksburg bring us peace? That peace that Rosecrans is making in Tennessee? Does the military dispersion of public meetings in Kentucky bode peace? The new northern conscription, enrolling three millions, and making provisions for instantly commencing their service or exacting a heavy exemption tax—does that look like peace? The deliberate vesting in Abraham Lincoln of all the military power of a dictator, with the treasure of the whole nation opened to him without stint—is it to enable him to make peace or war—which?

A GREAT CAPTURE. The following is an extract from a private letter received in Boston dated March 25th, and probably refers to the capture of one of the iron clads which have been constructed in England professedly "for the Emperor of China":

"A large English steamer has been taken, and is now at Morehead. She undertook to run the blockade at Charleston and Wilmington. Her cargo is powder, engines for gunboats for the rebels &c. She is iron-clad, and her estimated worth is two millions of dollars."

BANGOR BREWERY,
No. 103 Broad Street.
THE undersigned has the pleasure of informing the citizens of Bangor and vicinity that he has, at a very large outlay, established a Brewery for the manufacture of the best brands of Ale. My head brewer, Mr. Williamson, has no superior in the country, in skill and experience, acquired by over fifteen years service in the largest breweries of London, New York and Boston.
The water used is from the famous Taylor spring and my malt and hops are of the best quality, thus ensuring the fullest flavor and the finest purity.—Believing the public will appreciate this home enterprise, I shall spare no pains to furnish an article which shall meet their entire approbation.
I shall also manufacture a desirable article of light Ale, specially for family use. My intention is to supply the trade, but for the present I shall accommodate the public in such quantities as may be desired.
My Ale is now on draft at the principal hotels and retail shops in this city.

FOR SALE, At a Bargain!

THE SUBSCRIBER wishes to dispose of his valuable FARM, which he will sell at a great bargain. Said Farm is situated in Hampden, on the main Road to Frankfort, 4½ miles from Bangor, and but a short distance from two Churches, an Academy, Grist Mill and Saw Mill. Its location is one of the finest in the vicinity, near to and overlooking the Penobscot. The buildings, consisting of a Two story House, with an L, and a large and commodious Barn, are nearly new, built in a most substantial manner, and supplied with all the modern improvements.
The Farm consists of Forty Acres, all of which, except a small Wood Lot, is under a high state of cultivation. It cuts about 25 tons of hay per year. For further information, call on the subscriber, at the premises.

VAN BUSKIRK'S FRAGRANT SOZODONT

FOR CLEANSING & PRESERVING THE

TEETH.

Hardening the Gums

PURIFYING the Breath, imparting a delightfully refreshing taste and feeling to the mouth, removing the Tartar, Scurf and other impurities, use of 7 chasco, &c from the teeth. Completely arresting the progress of decay and whitening such parts as have already become blackened by decay. The Sozodont is perfectly free from all ACID and other impurities which would have the least injurious effect on the enamel of the teeth, and is prepared with great care and so suitable skill from a combination of materials—every ingredient of which is well known to have a beneficial effect on the teeth and Gums.

One trial of the Sozodont will convince the most skeptical that it is a preparation of intrinsic merit. A convenient, safe, effective Dentifrice—one that should be in the possession of every one who cares for the preservation of their teeth.

Now used and recommended by many of the most eminent Divines, Dentists, Physicians, Chemists and Scientific gentlemen of the day.

POOR RICHARD'S EYE AND EAR WATER.

This is the Best Preparation in the World!

READER, are you aware that every time you think, speak or act, you draw on your eyes for strength to do so? Now you are debtor to them, and if they have not arrested your body and shut it up in the prison of disease, remember they most assuredly will if you do not satisfy their claim (which is a small one) for all the service they render to you continually. They are crying to you for help every blood streak is a voice. Hear their cry, and save yourself by saving them. Give them a drink of POOR RICHARD'S EYE WATER, Morning and Night. This is all they ask, and they will positively keep your body out of the prison house of disease. They do not want to lose time in explanations. Try them and prove them. By faithful perseverance, Deafness can be cured and prevented—Bathe both eyes and ears.

A Remarkable Cure in Bangor.

I, W. H. PRITCHARD, do certify that my wife Esther S., has had Weak Eyes from childhood caused by measles. One year since a lump appeared on the lash of her eye. It increased to the size of a large pea. Becoming somewhat alarmed about the progress it was making I took my wife to Mrs. M. G. BROWN at the Exchange. She told me she could remove it, and further strengthen her eyes. Mrs. B applied her medicine at seven o'clock in the evening, and at nine o'clock the lump was gone. We could see no more of it. My wife can now see people walking on the other side of the street which she could never do before. She has always had headache when riding in a carriage. Yesterday when riding in a carriage, she had no return of headache. My own eyes were treated two or three times by Mrs. Brown. I find them much strengthened. W. H. PRITCHARD

SCIENTIFIC AMERICAN,

The Best Mechanical Paper in the World.

EIGHTEENTH YEAR.

Volume VIII. - - - New Series.

A NEW VOLUME of this popular Journal commences on the first of January. It is published WEEKLY and every number contains sixteen pages of useful information and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

To the Mechanic and Manufacturer:
No person engaged in any of the mechanical or manufacturing pursuits should think of "doing without" the Scientific American. It costs but six cents per week; every number contains from six to ten engravings of new machines and inventions, which can not be found in any other publication.

To the Inventor
The Scientific American is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the Claims of all the Patents issued from the United States Patent Office during the week previous, thus giving a correct history of the progress of inventions in this country. We are also receiving, every week the best scientific journals of Great Britain, France and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

A pamphlet of instruction as to the best mode of obtaining Letters Patent on new inventions, is furnished free on application.

Messrs Munn & Co have acted as Patent Solicitors for more than seventeen years, in connection with the publication of the Scientific American, and they refer to 20,000 patentees for whom they have done business.

No charge is made for examining sketches and models of new inventions and for advising inventors as to their patentability.

Chemists, Architects, Millwrights and Farmers.

The Scientific American will be found a most useful Journal to them. All the new discoveries in the science of chemistry are given in its columns, and the interests of the architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill owners will be found in the Scientific American which information they can not possibly obtain from any other source. Subjects in which farmers are interested will be found discussed in the Scientific American, most of the improvements in agricultural implements being illustrated in its columns.

TERMS

To mail subscribers. Three Dollars a year, or One Dollar for four months. The volumes commence on the first of January and July. Specimen copies will be sent gratis to any part of the country.

Western and Canadian money or Post-office stamps taken at par for subscriptions. Canadian subscribers will please remit twenty-five cents extra on each year's subscription to prepay postage.

HUNNEWELL'S UNIVERSAL COUGH REMEDY.

BASES its real claims to the confidence of the public by its perfect simplicity, and freedom from every component which in any way places restraint on its use, *Day or Night*, by Old or Young, out to find the real secret of its true character and results, to which thousands can testify, by its being made the *Pocket, Bedside or Nursery* Companion of all, and the remedy to all *Throat and Lung* complaints, by using it *every hour*, if necessary, or when there is the least tickling in the *Throat*, or disposition to *Cough*. By such freedom of use it

CURES

Coughs,
Colds,
Sore Throat,
Bronchial Complaints,
Hoarseness,

and all such, as when neglected, end in

CONSUMPTION!

To Public Speakers and Singers it is most valuable, as it goes to the foundation, clears the Throat, and prevents the prostration which follows great exertion.

As a *Soothing Syrup* its simplicity calls for special attention, as the most delicate infant may take it with the greatest freedom.

HUNNEWELL'S TOLU ANODYNE!

This Preparation by its splendid results, has shown the great necessity of a true *Nervous and Spasmodic Remedy* which goes to its work on all such complaints, completely relieving the pains and leaving no stain of debility behind.

As most complaints of this nature proceed from inward causes they are reached only through the stomach, and in most of them, time and money is wasted by the use of Liniments and Lotions.

Let this preparation be fairly tested and it will be found worthy the name and fame of a true

ANODYNE!

IT CURES

Neuralgia,
Rheumatism,
Gout,
Tooth Ache,
Ear Ache,
Nervous Head Ache,
Distress after eating,
Fits,
Histeria,
Nervousness,
Spinal Complaint,
St. Vitus Dance,
Cholera Morbus,
Pains in Stomach and Bowels.

also, the chief of all causes of disease and insanity,

LOSS OF SLEEP!

☞ To the *Sleepless Invalid* it gives the most refreshing sleep.

To Females, suffering the pains of *Monthly Menstruation*, it completely relieves, while Nature's work is undisturbed. This is of great importance, as from this source dates most, if not *all* weakness in the Nervous System, and Chronic Female Complaints.

For Stomach, or Tape Worms, it is a sure remedy.

For children, when Teething, it completely soothes the pain, by diluting with milk and rubbing the Gums. When very severe give it in 5 to 10 drop doses in milk, and is a perfect relief.

HUNNEWELL'S ECLECTIC PILLS.

This Valuable and Simple PILL rests for character on being the true type of a CATHARTIC—simple, though thorough in action, seldom requiring but a SINGLE PILL for a dose, or one at night and one a morning—acts without the least griping.

AND CURES

Dyspepsia,
Indigestion,
Biliousness,
Loss of Appetite,
Jaundice.
Humors, &c., &c.

For HEAD ACHE, when caused by a foul Stomach, they are a perfect relief.

For WORMS are a perfect remedy.

As a FAMILY PILL they have no superior.

American & Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of the U. S. Patent Office, Washington, (under the Act of 1837)

76 State Street, opposite Kilby Street, BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also, in Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents of ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below given prove that none is *more successful at the Patent Office* than the subscriber, and as *success is the best proof of advantages and ability*, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS

"I regard Mr. Eddy as one of the most *capable* and *successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE
Late Commissioner of Patents

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted and that is now *pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART

During eight months the subscriber, in course of his large practice, made on twice rejected applications *SIXTEEN APPEALS, EVERY ONE* of which was decided in his favor by the Commissioner of Patents. R. H. EDDY.

Time the True Test—Experience the Best Guide.

An Old Standard Remedy.

For Coughs, Colds, Consumption, and all Pulmonary Complaints, use the

Vegetable Pulmonary Balsam,

which has maintained its high reputation for nearly FORTY YEARS, and is recommended by many of the most eminent physicians and gentlemen in the country, among whom are Rev Josiah Litch, Philadelphia, Rev Dr Lyman Beecher, New York, the late Prof Leonard Woods, Andover Theological Seminary, D. P. Thompson formerly Secretary of State, Vt., Drs Merrill, Perry, Abell, Parker, Berry, and many others, by the Press, and by the largest and oldest dealers in drugs and medicines in the United States and Canada.

OPINIONS OF THE TRADE—We know of no medicine which has deservedly sustained so high a reputation for so long a term of years, or which more rarely disappoints the reasonable expectations of those who use it."

(Signed by many of the oldest and most respectable druggists in the United States.)

Extracts from letters received from Physicians:

"I with confidence recommend it as superior to any other preparation for the above complaints."—"It has a superiority over every kind of medicine used, and has been used for lung complaints with wonderful success."—"I am satisfied it is a valuable medicine."—"It is a safe, convenient, and very efficacious medicine."—"To my knowledge, it has never disappointed the reasonable expectations of those who have used it."—"I confidently recommend its use in all complaints of the chest as equal, if not superior, to any other medicine within my knowledge."—"Of all the principal remedies used for coughs, I am satisfied yours is the best, and hope it will be better known and more generally used."—"I have prescribed your balsam, and regard it as the most valuable and effective remedy within my knowledge."

Extract of a letter just received from a gentleman, ordering some of the Balsam:

"Markesan, Green Lake Co., Wisconsin, Dec. 12, 1862. Messrs Reed, Cutler & Co.—Gentlemen: For some twenty years I have used your Vegetable Pulmonary Balsam in my family, but more particularly for myself. When I first used it I was given up by physicians as past cure of Consumption. I obtained immediate help. I have always kept it since and consider it, for the lungs, the best medicine I ever used. I have recommended it in several cases and in nearly every case it has proved beneficial—it cured one lady after the doctors had pronounced her incurable. Respectfully yours,
H. H. ROBINSON."

PRICE—Small size, 50 cents, large, $1. Be careful to get the genuine, which is prepared only by REED, CUTLER & CO. Boston, and sold by dealers generally. Dec 30—1awd&w3m

Ayer's SARSAPARILLA,

FOR THE SPEEDY CURE OF

Scrofula and Scrofulous Diseases.

From Emery Edes, a well known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt Stratton, Bristol, England.

"I only do my duty to you and the public when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well known and much esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time, but in a few weeks the new skin began to form under the blotches and continued until my face is as smooth as any body's and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, Houston St., New York.

"Dr. AYER: I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family for general *debility* and for *purifying the blood* with very beneficial results and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.
